- ✓ Remove and throw away cap and pump. Leave label on container and rinse clean.
- NO plastic grocery bags.

Tin:

Examples: soup, vegetable, fruit, juice, pet food

- ✓ Rinse! and then Recycle!

Aluminum:

Examples: soda, juice, sports drinks, fruit drinks

- ✓ Empty the can, (May crush to save space)
 - NO beverage containers with only aluminum tops or bottoms.
-

Category 2: Paper – All Clean, Dry Paper

Examples: newspaper, cardboard, corrugated boxes, magazines, telephone books, catalogs, cereal boxes, computer paper, office paper, junk mail.

- ✓ Remove any plastic or waxed liner. Remove any metal larger than a staple. Flatten all empty boxes.
-

What to Do on Your Scheduled Service Day:

- Set recycles and trash at the curb by 7:00 a.m.
- Sort materials into 3 categories:
 1. Plastic, Tin, Aluminum – Place in a recycle bin or clear plastic bag
 2. Paper and Cardboard - Bundle paper together or place in a paper sack, cardboard box, or recycle bin. Set next to Category #1 items.
 3. Trash - Place trash in plastic bags or trash cans. Can size no larger than 40 gallons.

Tips:

- Please don't mix Category #1 and Category #2 together. If mixed, will go into trash truck.
- When in doubt, throw it out. If you have any doubt about whether an item is recyclable, call 1-800-638-8492 for clarification. Or throw the item into your regular trash. This will help prevent contamination of the materials.
- Watch for wet weather! If it looks like rain or snow, keep paper and cardboard indoors until your next service day.
- Plastic bags, trash cans, recycling containers should not exceed 50 lbs.
